## The Tyabb Township

**A close-knit community enjoying a semi-rural coastal location, Tyabb is a small township that's perfectly placed to celebrate the very best of the Mornington Peninsula.**

Like many small towns, sport is one activity that brings the people of Tyabb closer together. Tyabb has its own football, netball and cricket clubs, who collectively and proudly play under the moniker of the 'Yabbies'.

If you're an aviation enthusiast or have a desire to learn to fly, then you will be pleased to know that Tyabb has its own private airport. Owned by the Peninsula Aero Club, this small regional airport located west of the Tyabb town centre has been operating for more than 50 years.

The Tyabb airfield houses a successful flying school, a collection of important and unique antique and warbird aircraft and hosts the internationally recognised Tyabb Air Show, held every two years.

With four primary schools and two secondary schools and proximity to the larger township of Hastings, Tyabb is a superb place to raise a family.

So, if you want to escape the hustle and bustle and enjoy a relaxed, laidback lifestyle where you know the local community looks out for one another, Spindrift is the ideal place to be.

## Cafe Life

**Living in an idyllic, semi-rural coast location doesn't mean that you have to miss out on all the delight of café life.**

In Tyabb, there are many fun cafés where you can catch up with friends and family, grab a bite to eat or relax and savour a quality cup of coffee.

The Hungry Peacock is a fun, family friendly café that serves up flavoursome homemade food for breakfast and lunch, as well as great coffee. The Busy Peacock, right next door offers play spaces and activities for those that need to keep young and enquiring minds entertained.

The Rattling Red Cafe is another eclectic dining experience found in the grounds of Tyabb Packing House Antiques and Crafts Village nearby. Set in an over 100 year old "red rattler" train carriage, here you'll find a mix of modern and classic café food with a view over the grassy area Village green.

If you have a fur-baby, then Miss Drew's Dog Café, also within the Packing House Antiques complex, is well worth a look. Catering solely for dogs, this retro-inspired kiosk style café has a menu that includes puppuccino's for pugs and hamburgers for hounds. Bow Wow!

**When it comes to education, Spindrift has all your bases covered.**

Flinders Christian Community College (kinder - year 12) has a community campus in Tyabb and offers a teaching program designed around both the Australian Curriculum and the specific goals of their school.

A Catholic school community, Padua College (year 7-12) provides excellent staff, facilities, grounds and resources at each of their three campuses (Mornington, Rosebud and Tyabb).

Tyabb Railway Station Primary School is home to junior classes of less than 21 students. Small class sizes ensure students receive all the one-on-one attention they might need.

Tyabb Primary School provides an engaging and supportive learning environment in which children are challenged to achieve their personal best. The school's motto is 'From little things, big things grow', demonstrating a commitment to advancing the academic and personal development of the students.

# Sail Away

# An Adventure Playground

The Mornington Peninsula is home to one of Victoria's most vibrant tourism industries, offering a wide range of attractions and uniquely local events.

Living at Spindrift gives you the opportunity to venture out and try something you might never have experienced before, like learning to scuba dive or swimming with dolphins.

You can also go surfing, sailing or stand up paddle boarding, or cast a lazy line from a pier or from your own boat on the bay.

If something on the food and wine side of life is more to your taste, you're in luck because the Mornington Peninsula is renowned for its quality produce, vineyards and wineries, with the beautiful natural environment attracting the most passionate winemakers and top city chefs seeking new inspiration and a change of scenery.

The Mornington Peninsula is an absolute must for the golf lover, with the region home to some of Australia's best natural golfing terrain. There are upwards of 20 golf courses to choose from, all of which are complemented by magnificent views of the coast or the countryside.

After a hard week at work, there are plenty of ways to relax and unwind. You can calm your mind and body in the natural hot mineral waters that flow from deep underground and into the pools of Peninsula Hot Springs, or you can be pampered at one of the many day spas throughout the region.

Weekend and mid-week markets are a great way to immerse yourself in all that the Mornington Peninsula has to offer, allowing you to connect with local farmers, food producers, artists and craftspeople.

Farm shops and artisan retailers give you a real sense of the range of local food and wine, while the antique shops are overflowing with unique items from years gone by that will add that special touch to your home.

# Float Your Boat

Mornington Peninsula is a boating and anglers paradise.

Gaining boating access to Western Port Bay is not far away, with a boat ramp and trailer parking conveniently located only a ten-minute drive, beside the Hastings Pier.

For the more established boat owner, Western Port Marina provides permanent boat storage with a section of wet or dry berths on offer. Here you will also find two boat repair businesses, a chandlery, an excellent café for breakfasts and lunch and a more refined restaurant for lunches and dinner. The Dolphin Research Centre and the Australian Volunteer Coast Guard also have made their home right here.

Looking over Hastings Pier and Western Port is Peliken Societe Bar & Restaurant, one of the best dining venues on the Peninsula and Regional Café of the Year (2018). Come here to enjoy all-day dining and watch yachts bob and sway on the gentle swell, seabirds reel around the sky, ships journeying into port and a parade of pelicans which are a regular fixture around the pier.

Next door to the restaurant is Pelican Park Recreational Centre. Here you can find a fitness or aquatic program to help you reach your health and lifestyle goals. With programs designed for different ages and abilities, the centre offers swimming lessons, pool facilities, aquatic fitness, a health club (weights and cardio), personal training and childcare services in a state-of-the-art facility.

Perhaps the most satisfying way to while away the day is to drop a line from the historic Hastings Pier, where you can expect to catch a variety of fish including King George Whiting, Australian Salmon, Silver Trevally and Flathead.

Somers Beach access

## Life is Better at the Beach

With over 190 kilometres of coastline, you have a huge number of beaches to choose from.

Nothing says Australian summer more than a day at the beach, and a coastal location means residents of Spindrift have easy access to all of the best beaches of the Mornington Peninsula.

Cute, captivating and sheltered swimming beaches are only a short trip away with safe, family-friendly beaches fronting both Western Port and the Port Philip Bay, while along the southern shoreline are wild and rugged coastal areas with stunning rock formations and the opportunity for the adventurous to surf or swim at more exhilarating ocean beaches.

## Wine and Dine

Since the late 1970's the Mornington Peninsula has emerged to become recognised as one of Australia's premier cool-climate wine regions.

With its rolling green hills, sheltered valleys and a cool maritime climate, the region is now home to over 200 wineries producing award-winning Pinot Gris, Chardonnay and Pinot Noir.

And with more than 50 wineries featuring cellar doors and casual and fine dining experiences, you'll have the opportunity to taste, learn about and discover a few special gems of your own.

The wineries are not the only local producers vying for your attention, with a growing crop of brewers producing craft beer, locally grown apples being fermented into whole-juice cider, and artisan distillers getting into the spirit of things, handcrafting distinctive gins, vodka and limoncello.

## Wolfdene

Creating a new home is an exciting experience.

We share that excitement and we aim to create places where people live the lifestyle they aspire to. We see ourselves as a new generation of property developer learning from what has been created in the past to deliver neighbourhoods that suit the way people want to live today.

Our communities are carefully considered in their design, architecture and site-specific urban planning to engage residents and foster interaction. Our constant challenge is to ensure a Wolfdene neighbourhood is a neighbourhood you look forward to coming home to.
